

# TRAYS FEEDER

SIMPLE AND EFFICIENT TRAYS STORAGE

rev. 001093.2411.64

## ■ Trays feeder

- Trays feeder for wooden or aluminium trays, standard or non-standard sizes
- The trays feeder will advance the trays, adjusting to the speed of the line
- It connects to the guides on which the trays slide

# TRAYS FEEDER

Trays feeder for wooden or aluminium trays, standard or non-standard sizes. The trays can be of the three standard heights for pasta factories.

The manual loading of the trays into the housing occurs by groups of trays, in order to have time to perform other tasks.

In line with the entire transport system of the trays, from upstream to downstream, the feeder will advance the trays, adjusting to the speed of the line, through PLC management. It connects to the guides on which the trays slide.

*Trays feeder for nests/lasagna line*

*Trays feeder for short-cut pasta line*
